Brandt
ES20

Information for Me
Yes, I do read these.

---

1. **Why are you taking ES20? (It is an elective, you don't have to subject yourself to this pain!)**

2. **What science classes/activities have you enjoyed at WHS?**

3. **What occupies your time outside of school classes? (extra-curr, part-time job- if so, how much do you work, and when?)**

4. **This one is tough- but answers here really help me make you successful. How do you learn the best? Are there things teachers do that you love? Hate?**
